## Engineered Rigging to Host Oktoberfest Celebration at Breakbulk Americas

**RUSSELLVILLE, ARKANSAS, September 14, 2016** — Engineered Rigging (ER) will exhibit its array of engineering services, fabrication solutions and heavy rigging and hauling capabilities at the Breakbulk Americas trade show in booth 643 on September 27 through September 29, 2016 at the George R. Brown Convention Center in Houston. Breakbulk Americas is the largest exhibition of its kind in North and South America for top-tier shippers and project cargo service providers.

ER will host an Oktoberfest celebration in its booth on Tuesday, September 27 from 5:00 p.m. to 8:00 p.m. and Wednesday, September 28 from 2:00 p.m. to 6:00 p.m. Attendees are invited to stop in to enjoy a free craft beer, enter to win a YETI™ cooler, take a photograph with ER's beer maidens, and learn more about the company's innovative solutions.
