Jorn Ingebrigtsen Joins Engineered Rigging

VALPARAISO, IND., August 8, 2024 — Engineered Rigging, an innovative leader in heavy lifting, has hired Jorn Ingebrigtsen as a sales and service representative. With more than 20 years of experience as an account manager and application engineer, Ingebrigtsen brings a wealth of sales and customer service expertise to this role. He is responsible for engaging with customers, developing proposals and identifying solutions to solve client challenges.

Ingebrigtsen's career includes specialized expertise in hydraulic equipment sales and service as well as rental, repair and equipment testing. In 2004, he founded Jaxx LLC which specialized in high-pressure hydraulic systems and industrial specialty equipment for the construction, industrial and aerospace markets. Jaxx became part of Ballard Industrial in 2018.

A native of Norway, Ingebrigtsen has lived and worked in the United States for more than 30 years. He currently resides in Washington.

"Engineered Rigging continues to expand our team of dedicated professionals to meet the needs of our clients across the U.S. and around the globe," said Christopher Cox, PE, founder and president of Engineered Rigging.
