## **Engineered Rigging Fosters Education of Next-Gen Talent, Seeks Scholarship Applicants**

**VALPARAISO, IND., April 29, 2026** — Engineered Giving, a nonprofit foundation established by Engineered Rigging, is accepting applications for its \$3,000 scholarship which was established to foster the education of a future engineer or skilled technical professional. Applicants must plan to pursue a career in the heavy lifting and specialized transport industry, be a resident of Indiana or Arkansas, and be enrolled or accepted into an accredited college, university, vocational school or technical training program in Indiana or Arkansas. In addition, applicants must demonstrate a strong sense of volunteerism in alignment with Engineered Giving’s mission to uplift local communities.

Engineered Rigging invites qualified students to apply by June 30. Details are available at <https://engineeredrigging.com/expertise/engineered-giving/scholarship/>.

“Engineered Rigging is committed to developing young talent who will carry the heavy lifting industry forward,” shared Christopher Cox, P.E. founder and president of Engineered Rigging. In addition to the annual scholarship, the company has a robust internship program and campus recruiting initiatives.

### **About Engineered Rigging**

Engineered Rigging delivers pioneering heavy rigging solutions for a variety of industries around the globe. Leveraging decades of hands-on experience and technical expertise, we help clients overcome the world’s most intricate lifting challenges and orchestrate complex machinery moves. Engineered Rigging empowers our customers with comprehensive equipment rental, sales, and preventive maintenance, engineering innovation, custom solutions and unwavering technical support.
